KEY INSIGHTS

Serving one of the largest student populations of all 12 clusters in Nashville, the Antioch cluster accounts for 5% of all MNPS students. It is the only zone with zero public charter and non-zoned school options, and every school except one falls below the state average for student achievement numbers in both English and Math.

Antioch High School has a strong graduation rate, yet only 14% of students are considered college or career ready. From middle to high school, the chronic absenteeism rate almost doubles and suspension rates more than double.

KEY

Reward School

Identified by the state as improving student achievement and growth. The top distinction a school can earn in TN.

Priority School

Identified by the state and fall in the bottom five percent statewide over the past three years, and are in need of the most support and improvement.

% Ready Graduate

The state of Tennessee identifies a Ready Graduate as a student who graduated on time in 2017 and earned a composite ACT score of a 21 or higher, the score at which students are considered career and college ready.

Chronic Absenteeism

Students missing 10% of schools days or 18 days

English & Math:
< **33%** > **33%**

% for English and Math represent the number of students scoring "on track" or "mastered." Schools that fell below the TN state average (33% for both subjects) are in red and those exceeding the state average are in green.

NA

Data not available. When the percentage of students is below 5%, or above 95%, the state suppresses the data because it could be identifiable for students. We can understand that the percentage of students "on track or mastered" is below 5 percent and therefore unavailable.
