KEY INSIGHTS

This cluster has the lowest graduation rate in MNPS at 70%, and less than 10% of students are considered college or career ready. Achievement varies across the cluster, which includes both a reward and a priority school, yet achievement levels still drop at each progression to the next school level.

Almost 34% of Glenclyff High School students are chronically absent, and student enrollment drops by almost half between elementary and middle school. At 43%, ELL students comprise almost half of Glenclyff's student population, the largest in the district.

Identified by the state as improving student achievement and growth. The top distinction a school can earn in TN.

Identified by the state and fall in the bottom five percent statewide over the past three years, and are in need of the most support and improvement.

The state of Tennessee identifies a Ready Graduate as a student who graduated on time in 2017 and earned a composite ACT score of a 21 or higher, the score at which students are considered career and college ready.

Students missing 10% of schools days or 18 days

% for English and Math represent the number of students scoring "on track" or "mastered." Schools that fell below the TN state average (33% for both subjects) are in red and those exceeding the state average are in green.

Data not available. When the percentage of students is below 5%, or above 95%, the state suppresses the data because it could be identifiable for students. We can understand that the percentage of students "on track or mastered" is below 5 percent and therefore unavailable.
