MNPS ZONED FEEDER PATTERN PROFILES (2018-2019): Cane Ridge Cluster

**DATA SUMMARY**

In this cluster, 19% of the students are considered college or career ready at high school graduation. Proficiency rates are lower -- 17% in English and less than 5% in Math. Every school in the Cane Ridge cluster scores below the state average for student achievement in both English and Math and student enrollment drops by 44% between elementary school and middle school.

Antioch Middle is a Priority school with achievement rates at only half of its feeder elementary schools. In this cluster, chronic absenteeism rates more than double from middle to high school.

Identified by the state as improving student achievement and growth. The top distinction a school can earn in TN.

Identified by the state and fall in the bottom five percent statewide over the past three years, and in need of the most support and improvement.

The state of Tennessee identifies a Ready Graduate as a student who graduated on time and earned a composite ACT score of a 21 or higher, the score at which students are considered career and college ready.

Students missing at least 10% of school days (18 days).

% for English and Math represent the number of students scoring “on track” or “mastered” Schools that fell below the TN state average (35% for English and 37% for Math) are in red and those exceeding the state average are in green.

Data not available. When the percentage of students is below 5%, or above 95%, the state suppresses the data because it could be identifiable for students. We can understand that the percentage of students “on track or mastered” is below 5 percent and therefore unavailable.
