## DATA SUMMARY

Due to the impact of the COVID-19 pandemic on both the 2019/2020 and 2020/2021 school years, MNPS has seen a significant reduction in the percentage of students scoring "on track" or "mastered" in nearly every school.

Every school in the Cane Ridge cluster scores below the state average for student achievement in both English and Math and student enrollment drops by nearly half between elementary school and middle school. English Language Learners comprise over 40% of the cluster's student population. While the high school graduation rate is 81%, subject proficiency rates measure 8% in English and less than 5% in Math.

Identified by the state as improving student achievement and growth. The top distinction a school can earn in TN.

Identified by the state and fall in the bottom five percent statewide over the past three years, and in need of the most support and improvement.

The state of Tennessee identifies a Ready Graduate as a student who graduated on time and earned a composite ACT score of a 21 or higher, the score at which students are considered career and college ready.

Students missing at least 10% of school days (18 days).

% for English and Math represent the number of students scoring "on track" or "mastered." Schools that fell below the TN state average (30% for English and 26% for Math) are in red and those exceeding the state average are in green.

Data not available. When the percentage of students "on track or mastered" is below 5% or above 95%, the state suppresses the data because it could be identifiable for students.

\* Updated data not available for suspensions and teacher retention. Listed data is from 2019-2020.
