## DATA SUMMARY

Due to the impact of the COVID-19 pandemic on both the 2019/2020 and 2020/2021 school years, MNPS has seen a significant reduction in the percentage of students scoring "on track" or "mastered" in nearly every school.

In the Glenclyff cluster, every school falls below the state average in English and Math achievement. Glenclyff High School has the lowest graduation rate in MNPS at 61% and fewer than 14% of graduates are considered college or career ready. Almost 60% of students attending this high school are chronically absent. English Language Learner students comprise more than half of the cluster's student population (58%), the largest percentage found in any cluster.
